

UTCA Construction Safety Seminar

OSHA's Crane Regulations, Signal Person and Rigging Training

Saturday, February 1, 2020

7:30am - Registration & Continental Breakfast

7:45am - 2:00pm - Seminar Program

This seminar will help you meet the requirements pertaining to the OSHA Crane and Derrick Standard 1926.1400, which became effective in 2010 and "The Final Rule" released November 9, 2018. You will receive the information and training necessary to be a "qualified rigger" and a "qualified signal person" which are both now **mandatory** in the standard.

Crane Safety & OSHA Regulations

- Requirements for Operators, Signalpersons & Riggers
- Ground Conditions, Power Line Safety, Assembly/Disassembly, Inspections, Fall Protection, Operator Qualifications, Operational Aids and more.

According to the Standard, a "qualified rigger" is a person who, "by possession of a recognized degree, certificate, or professional standing, or who by extensive knowledge, training, and experience, successfully demonstrated the ability to solve/resolve problems relating to the subject matter, the work, or the project." This seminar will help you obtain the "knowledge/training component" of this requirement.

This OSHA Standard requires Signal Persons to be "qualified" either by having an in-house qualified evaluator assess the individual, or by use of a third party qualified evaluator. This course will meet the standard of a "third party evaluator" for the signalperson qualification requirements; however it is important for individual employers to assess the knowledge, experience, abilities and qualifications of all employees prior to allowing them to perform any specific task.

The registration fee for this all day seminar is \$200.00 per person. The seminar will include a continental breakfast. Please contact Dan Neville at the UTCA office should you have any questions relative to this seminar.

This program will be held at the UTCA office in Farmingdale, New Jersey. Directions to UTCA can be obtained on the association website at **www.utcanj.org**.

The UTCA office is located at:
1670 Route 34 North, Farmingdale, NJ 07727
