RE: April 1, 2023 WORKING DUES RATE INCREASE ANNOUNCED

Dear Payroll & iRemit Administrator,

Please be advised this is a written notice of The New York City District Council of Carpenters (NYCDCC) Working Dues (WD) rate increase and the elimination of the Additional Dues. As of April 1, 2023, and thereafter, all working dues for work performed will calculate at the new rate of two percent (2%).

Beginning April 1, 2023, all members working in NYCDCC jurisdiction will be required to pay working dues at the 2% rate. We advise you update your payroll to accommodate for the increase, as this will affect the employees who have authorized weekly deductions from the wage check. The working dues calculation is based on the combination of the hourly contractual wage rate and the hourly contractual fringe benefit rate per the collective bargaining agreement. For example, (Contractual Wage Rate + Contractual Fringe Rate x 0.02 x Hours worked).

All work performed after April 1, 2023 will no longer be subject to the Additional working dues. However, any work conducted prior to April 1, 2023 will continue to calculate at the previous formula of 1% working dues, and additional dues. In addition, all previously elected PAC contributions will remain the same. The newly calculated dues can be remitted to the Union as currently done through iRemit. If you are not remitting payroll deducted working dues through iRemit, then you may remit the deducted dues via check and mail to the following address:

New York City District Council of Carpenters

Attn: Assessment Dept.

395 Hudson St., Fl. 9

New York, New York 10014

Thank you in advance for supporting this required increase. If you have questions about the increased working dues, please contact the Assessments Department at (212) 366-7375.

Sincerely,

Paul Capurso, President, and Assistant Executive Secretary-Treasurer
