COLLECTIVE BARGAINING HOLIDAY PAY PROVISIONS

LABORERS LOCALS 172 & 472

If any employee works on three (3) days for the same Employer within a period of ten (10) working days consisting of five (5) working days before and five (5) working days after the day upon which the holiday falls or is observed as such, he shall be paid eight (8) hours straight time for the holiday at his regular rate of pay. Where a project is a four (4) day ten (10) hours per day project, holidays will be paid at eight (8) straight time hours for an unworked holiday unless the employee on the Employer's payroll works less than 40 hours during the week upon which the holiday falls, in which case he shall be paid an additional two (2) hours straight time holiday pay for that unworked holiday. A work week shall commence on Monday 12:01 AM and extend to 12:00 midnight on the Sunday following. If an employee is hired after a holiday, he shall not be paid for the holiday unless he was employed during the work week preceding the holiday.

When a layoff occurs, for reasons other than job completion, on or after December 20th, each employee so laid off shall receive one day's pay in lieu of Christmas Holiday provided the employee was working for the employer on the job on December 17th. Where such employee starts again on or before January 6th, excluding a new project just beginning, such employee shall be paid a day's pay in lieu of New Year's Day Holiday.

If an employee works on a holiday, or days celebrated as such, (including holidays falling on Sunday and celebrated on Monday) he shall be paid double time for all hours worked. If an employee works on a holiday which falls on Saturday, he shall be paid double time and one half for all hours worked. If an employee works on a Holiday that falls on Sunday, he shall be paid triple time. However if the employee works on a holiday Sunday but is given Monday off at regular holiday pay, then that Sunday will be at the traditional double time rate for all hours worked.

If he does not work on Saturday and otherwise qualifies for holiday pay he shall be paid straight time for the holiday, all time paid for holidays, whether worked or not, shall be paid for at the regular rate of pay for the particular job classification of each employee as provided for herein, provided the employee has complied with the conditions set forth in this Article. If an employee works at more than one job classification within the ten day period specified herein, he shall be paid his holiday pay at the higher classification rate.

It is understood that where time and one-half or double time is specified in this Agreement for work performed on Saturdays, Sundays, holidays or different shift times, this is overtime and not premium time for work performed on these days and the base rates for the computation of this time and one-half or double time is the hourly rate set forth in the Agreement. It is further understood that there is to be no extra or premium time for hours worked in excess of eight (8) hours on Saturdays, Sundays or holidays, but this shall in no way affect the obligation to pay the time and one-half for any work on Saturdays and double time for Sundays, holidays or different shift time as specified in the Agreement.

If the employee alleges that he was laid off by an Employer (exclusive of job termination) solely for the purpose of being denied holiday pay, his grievance shall be heard by an Arbitration Committee composed of two (2) Union representatives and two (2) representatives who are members of the Utility and Transportation Contractors Association of New Jersey. A decision by a majority of the Committee shall be binding on the Employer and employee as to whether he shall receive holiday pay. Where a decision cannot be reached by a majority of the Committee then an impartial Referee shall be designated by the New Jersey State Board of Mediation whose decision shall be final and any costs shall be borne equally by the Employer and the Union.
